present

Paolo Nutini

JULY 16TH 2010
UDINE – Castle Square

In great demand, **Paolo Nutini** has announced his new summer tour: the Scottish-Italian singer, one of the true rising pop music stars with 4 sold-out dates on his winter tour, will take the stage in 5 of the most fascinating and charming places in Italy.

The first concert of this new tour is set for June 3rd in Venaria Reale, going on during the month of July in Udine, Ferrara, Rome and Milan. **The only tour date** in the entire Triveneto area and **in the nearby countries of Slovenia and Austria** will take place on **Friday July 16th** at the **Castle in Udine**.

The concert is organized by **Azalea Promotion** and **Indipendente Concerti** in collaboration with **Regione FVG – Guests of Unique People**, **Comune di Udine** and **Turismo FVG “Music & Live”**.

Twenty-two years old, born in Paisley near Glasgow, **Paolo Nutini** has been able to enchant audiences worldwide from the very beginning with **“These Streets”**, one of the hottest albums of 2006 which sold more than 2 million copies worldwide. In 2009 he came back with a brand-new album, **“Sunny Side Up”**, very well received from both the public and the critics, entering the charts straight at the top. With his fan base steadily growing, his work has been greatly appreciated by fellow artists as well: both the Rolling Stones and Led Zepelin chose **Paolo Nutini** as opening act for their live concerts.

The tickets for this new concert will be available **Friday March 5th** at **10.00 am** through the website **TicketOne** (www.ticketone.it) and in all authorized box offices.

Ticket price:**GENERAL ADMISSION € 30.00 + pre-sale**

The concert is part of “**Music & Live**”, the promotional campaign of the **Regione Friuli Venezia Giulia** and the regional agency **Turismo FVG** (info www.turismo.fvg.it – tel. 800 016044).
